

The Colorado Crew

SCALE MODEL BOAT CLUB

The Colorado Crew is a group of dedicated scale ship modelers, from along the Front Range, who have joined together to promote, share skills, and enjoy our “hobby“.

We build and sail electric, sail, and steam powered models of many types including military, work boats, pleasure boats, and submarines.

Among our membership are nationally recognized modelers and winners of major competitions throughout the country.

We host a major, weekend-long regatta each year at Keystone Resort and schedule other “fun runs” during the spring, summer & fall.

We currently meet on the fourth Saturday of each month in the lower level of the Rockler Woodworking Store, 2553 South Colorado Blvd. in conjunction with the 1/700 scale model club.

Dues per year are \$30.00 for RC boat builders and \$15.00 for static model builders. The majority of this money is used to maintain a liability insurance policy which protects all members and is required by most municipalities where we sail.
